Dominion Public Works.

[From the Globe.]

The energy infused by Mr. Mackenzie into the operations of the Department he presides over is likely, ere long, to bear fruit in the commencement of those sections of the Canadian Pacific Railway for the construction of which he has taken powers from Parliament. The grading of the Pembina branch is proceeding rapidly, and we believe tenders will be at once issued for the section of the Pacific Road running from the south-east of Lake Nipissing to the Georgian Bay, somewhere in the neighbourhood of the French River.

The prospect of this piece of road being put under contract suggests an inquiry as to what steps are being taken to carry out the policy foreshadowed in Mr. Mackenzie's election address and provided for in the Act of last session, by which the lines leading from Lake Ontario to the one hand, and from the Province of Quebec on the other, were to be enabled by a subsidy of \$12,000 per mile to effect a junction with the Pacific link. It is necessary that the promoters of private enterprises coming within the scope of the Act should have a policy as well as the Government. The connections to be established are absolutely necessary to the commercial interests of both Provinces; and the continuation of existing lines now running northward from Lake Ontario, to the Nipissing and French River section of the Pacific, will open up a new and rich country for settlement, which, without public aid, it would be very difficult to supply with railway communications, but which, by that means, will in the future contribute largely to the resources of the Dominion.

The road from Fort William to Fort Garry will also at no distant day be placed under construction. As a means of solving the difficulty of carrying a railway across the continent, and as a matter of friendly international rivalry, the commencement of this important section will be anxiously looked for. The Government, we understand, have contracted for a large quantity of steel rails—30,000 tons—for the works already mentioned, and possibly for some portion of the line traversing British Columbia.

Nor is the attention of the Minister of Public Works confined to pushing forward the Canadian Pacific Railway. There will be no delay in carrying out the policy of the country with reference to the canals. The progress of the Welland Canal works is already known to the public, and it is probable that, before Parliament meets, the improvements contemplated in the Lachine Canal will also have been placed under contract.

Gladstone and Archbishop Manning.

New York, November 15.—A London special gives details of the controversy between Gladstone and Archbishop Manning. Gladstone's pamphlet, recently issued, centres upon the proposition that no one can become a convert to Rome without renouncing his moral and mental freedom, and placing his civil loyalty and duty at the mercy of another. He declares that the Vatican Council established even a wider claim than infallibility, namely, of absolute and entire obedience; he therefore calls upon Catholic citizens to demonstrate to the contrary or to reject it. He expresses a decided opinion that the real object of the Vatican policy is to renew the struggle for temporal power. He ridicules such a project, but adds that it is difficult to over-estimate the effect of the strife; that it would probably jeopardize the peace of Europe. He closes with an appeal to the citizens of the nineteenth century to follow the example of their forefathers of the sixteenth, when, marshalled to resist the Armada, they declared that England was peopled by a stout-hearted race, not to be hindered by foreign influence or caste from accomplishing her mission in the world.

Archbishop Manning, in a letter dated November 20th, to the 'Herald,' asserts that he assisted in framing the Vatican decrees, which have not changed one jot or tittle the obligations of civil obedience that Catholics bear towards the civil powers, and in proof thereof asserts that the doctrine of infallibility was a divine trust be-

fore the Vatican Council was held; that the Council announced no new dogma, but simply declared an old truth; that the position of Catholics in respect to civil allegiance is precisely as before; that the civil power of the Christian world hitherto stood in peaceful relations with the Infallible Church, and these relations were afterward recognized and declared in the Councils of the Church before the Vatican Council, and that Council made no decrees in regard to civil power nor civil allegiance, this subject being never even proposed. The Archbishop says: "Civil obedience rests on natural laws. Revealed truth in the law of God. Society is founded on nature, and subjects are bound to obey their rulers. Mr. Gladstone's argument hangs upon an erroneous assumption, and I can only suppose him to have been misled by a misplaced trust in Dr. Dollinger and his friends. But for my belief in Mr. Gladstone's sincerity, I should say it was an act of injustice, out of harmony with the great statesman's life and unless the providence of God and the good sense of Englishmen avert its evils, the consequence may tarnish his great name."

The "Times" sides with Gladstone, saying that the important question of what is lawful can, according to the Archbishop, only be decided by the Pope.

The "Telegraph" says the pamphlet has revived the Nation's confidence in Gladstone.

The "Pall Mall Gazette" contends that Gladstone is not right in flinging a firebrand into the religious community: saying it is none of his concern whether Catholic principles lead to disloyalty. It is no part of a statesman's duty to raise a popular outcry while the dangers remain theoretical.

The "Post" says, "Reverence for our institutions is not Gladstone's strong point. This is not his first miscalculation."

In a Fix.

The "Little Joker" (our Indian rubber contemporary) is making a very ludicrous attempt to bring the pea up under another hat. To be less figurative, it is endeavouring to wriggle out of the pillory in which we placed it. Finding the "thoroughbred Englishmen" whom it represented as ready to sell themselves and their country for two thousand dollars a-head less plentiful than it had imagined; in other words, finding that annexation is less popular and likely to be less profitable than had been reckoned upon, it is now trying to "take the back track." It says it didn't intend to advocate annexation at all, and promises it won't if Mr. Mackenzie abandon his repudiation policy. But its own files witness against it; and as for Mr. Mackenzie's alleged repudiation policy we showed a few days ago, by extracts from its own columns, that what it now styles repudiation it approved and pronounced "a very much better policy than that of the Macdonald Administration." Why it should turn round now and call that very same policy "repudiation" is best known to itself—but it certainly looks very awkward before public. As we remarked the other day, the only "repudiation" Mr. Mackenzie has been guilty of, so far as we know, is his repudiation of Mr. DeCosmos' pretensions to a seat in the Dominion Cabinet; and we venture the opinion that ninety-nine out of every hundred in this Province will accept that act as evidence of shrewd common sense on the part of the Canadian Premier. But the "Little Joker" prophesies:—"Just as sure as the sun rules the day, will British Columbia take herself out of the union in less than six months time, unless the Government at Ottawa comes to some satisfactory arrangement with the local Government of this Province in respect of the commencement and completion of the Canada Pacific Railway." This is intensely cool, coming from the organ of a Government upon whom the Government at Ottawa have been waiting for the past "six months" and who have purposely and selfishly averted "some satisfactory arrangement."

Dominion Mail Summary.

MONTREAL, Nov. 9.—Col. A. A. Stevenson publishes a card this morning withdrawing from the contest in Montreal West, on the plea of ill-health. The trouble between the Council of Arts and the Dominion Government with regard to the Crystal Palace was very nearly settled on Saturday night by the destruction of the building. The roof took fire about midnight, supposed to be from the pipes of a stove put in to warm the policeman still in charge, and from the height of the building it was with difficulty that the brigade reduced the flames. Small-pox has increased so much of late that the Hotel Dieu and General Hospital are overcrowded, and the health committee have arrived at the conclusion that immediate steps for providing for new patients must be taken. On Saturday afternoon the Hall House, in the new Mountain Park, was taken possession of and ten patients were placed there up to last night.

OTTAWA, Nov. 9.—A despatch received here from Winnipeg says that the communication sent from there to some Canadian journals that Riel had been outlawed is erroneous. Such is not the case. A "pluribus" writ was issued and the case will not be ripe for judgment of outlawing till January next.

In the Nault trial the evidence was direct as to his giving the signal to the firing party, but, as already stated, the jury, on which there were ten half-breeds, disagreed. It is also stated that on the jury that convicted Lepine there were three of his former soldiers.

Capt. Anderson, the chief astronomer of the North American Boundary Commission, has returned from the Northwest some ago.

At a meeting of French Canadians held in Hull after mass yesterday, speeches were made by Ledue, Marcell, Evanturel, and others in favor of Lepine and Riel. A resolution was passed to petition the Governor-General to pardon them both. About 1,000 people were present.

Toronto, Nov. 9.—Hon. Mr. Childers, President of the Great Western Railway, arrived in this city last night from Hamilton and left to-day for Ottawa to visit the Governor-General.

Dr. Rogers, a clergyman of the Church of England who has joined the Church of Rome, spoke last night in the Temperance Hall in favor of Ritualism.

It is probable that a measure for the readjustment of seats so as to give Ontario additional seats, will be introduced at the approaching session.

The "Canada Gazette" contains the following:—The statement of revenue and expenditure of the Dominion for the month ended October shows—Revenue, \$3,127,166 77; expenditure, \$145,239 67; surplus, \$1,981,927 10.

Official notice is given that Earl Dufferin has resumed the Government of Canada from the 3rd inst.

Ayer's Hair Vigor,

FOR RESTORING GREY HAIR TO ITS NATURAL VITALITY & COLOR

Advancing years, sickness, care, disappointment, and hereditary disposition, all turn the hair gray, and either of them include it to shed prematurely.

Ayer's Hair Vigor, by long and extensive use, has proven that it stops the falling of the hair immediately, often renews the growth, and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty.

Thus brassy, weak or sickly hair becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is checked and established; thin hair thickens; and faded or gray hair resumes their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions diseases of the scalp are impossible.

As a dressing for ladies' hair, the Vigor is praised for its grateful and agreeable perfume, and valued for the soft lustre and richness of tone it imparts.

On the 16th inst., at All Saints, Abbotford Crescent, Edinburgh, Alice, the beloved wife of J. Patison, Esq., and daughter of the late Thomas Brown, Esq., a Sydney Magistrate, Tatum, Ireland.

AN EXCITEMENT—A REAL GRIEVANCE.—

Much excitement was created in town yesterday upon the announcement that the mail steamer would go round to Esquimaux harbor and take in a ton of gunpowder and several tons of shot and shell for the supply of Her Majesty's ships at San Francisco. The Post office Inspector, the Agent of the Marine and Fisheries, and the officers of the steamship were at once waited upon and the Naval Storekeeper was promptly notified by the latter that no articles of an explosive character could be carried. The risk to life and property from the carriage of explosives on steamers is known to be very great, and as the Americans have stopped the practice (even coal-oil intended for this market reaches us by rail by a round-about way) we don't see why the Canadians allow it, if it is not (as we strongly suspect) already prohibited by statute. There is another matter with which this is closely connected, viz: the practice of refitting H. M. ships at the foreign port of San Francisco, and putting H. M. Government to the great expense of carrying the stores required down to them. If we had a Local Government worth a brass farthing they would long ago have brought the grievance to the notice of the Imperial Government and had Esquimaux continued as the refitting port of the North Pacific. Perhaps the Chamber of Commerce will take the case up?

VALUABLE OPINION.—A gentleman in this city received by last mail a letter from James A. Graham, Esq., formerly of this city, now Hudson Bay Co's Governor at Fort Garry. Since leaving this Province Mr. Graham has enjoyed excellent opportunities of forming correct opinions respecting Mr. Mackenzie and his policy. In the letter referred to he expresses the fullest confidence in both, and regrets that Columbia should have assumed such an attitude towards Mr. Mackenzie and his Government. He considers that the local Government committed an egregious error in treating the Dominion Government's proposal as they did. The opinion of a gentleman so favorably circumstanced and so little subject to political bias is entitled to great weight.

BISHOP CUMMINS, of the Reformed Episcopal Church, preached on November the 15th in the Reformed Episcopal Church, on Madison Avenue, New York City, on the failure of the General Convention of the Episcopal Church to meet the responsibilities of the crisis. He reviewed the work of the Convention and pointed out the defects. One error was not to amend the order of Baptismal Regeneration; and another to provide a remedy for Ritualism. He prophesied that in nine out of ten churches the Communion table would disappear and the altar take its place. The service was largely attended.

VICTORIA OFFERS SIR JOHN AN ASYLUM. It is stated that the Conservatives of Victoria, Nova Scotia, have offered to give Sir John Macdonald a seat in the Dominion Parliament. We doubt whether the offer will be accepted, inasmuch as we do, to the belief that Sir John will wash his hands of Canadian politics. We could have wished that so brilliant and useful a career had terminated differently. However, his fate shows still more clearly the wildness of the prophesying of our local contemporary about the Conservative reaction and the prospect of the Mackenzie regime being short-lived.

A PROSPEROUS PROVINCE.—London, Ontario, was the scene of an influential and imposing Reform demonstration on the 5th, and Hon. Mr. Mowatt delivered a powerful speech, in which he gave an exhibit of the Provincial finances. It appears from his showing that, at the end of the present year Ontario will have a surplus of over six millions of dollars, and this in the face of unusually large and reproductively public works. Ontario seems to flourish under Reform Administration. And this will have its influence on Dominion politics.

THE QUEEN'S HEALTH.—The Pall Mall Gazette of the 13th inst. says that Her Majesty is quite ill, but that the rumors of her sudden demise which obtained last night were happily unfounded. The announcement causes a general feeling of relief, but further reports of the Queen's health are looked for with the greatest eagerness.

THE OPENING LECTURE OF Judge Gray before the Mechanics' Literary Institute will be delivered to-morrow evening. We are requested to state that the Lieutenant-Governor and family will attend. The subject is "The Avenger's March, or a Soldier's Life Twenty Years ago."

THE CHIEF JUSTICE.—Mr. Begbie has gone straight to Ottawa, to which Mecca Mr. Walkem is also supposed to be hastening. There is strong reason for believing that Mr. Begbie will retire upon a pension, and that our Little Premier would not feel insulted if he were asked to don the ermine.

ROUGH PASSAGE.—The Los Angeles caught the gale in all its severity on her passage up. She behaved remarkably well, and although for several hours in great peril, was skillfully handled and proved herself a first-class seaboat.

INQUEST.—Judge Pemberton held an inquest over the remains of James Thompson, who died suddenly on board the Thedger, and a verdict of "Death from natural causes" was rendered.

NEWFOUNDLAND.—The nominations took place on the 2nd inst., and the polling on the 7th. Six opposition candidates, including Mr. Bennet, were returned by acclamation.

THE DELEGATION OF Icelanders have returned from Alaska to San Francisco and have decided to advise their countrymen to emigrate en masse to the island of Kodia.

It is reported that the Government has at last adopted the suggestion we made two months ago, viz: to hold the Assizes in another building than the unfinished Courthouse.

COL. PAUL K. HURBS, a former resident of Port Townsend, W. T., died at Vallejo, California, on the 17th inst., aged 75.

CAPITAL PRICES were obtained by Baines & Pitts at their auction sale of fruit ex Los Angeles yesterday morning.

The delayed Up-Country mail and express are due this afternoon per Enterprise.

Danger of an Illustration.

[From the Pall Mall Gazette.]
Among the Occasional Notes of the "Pall Mall Gazette" the following paragraph appeared on the 20th ult.: "A curious advertisement which appears in to-day's 'Times' shows that other appointments besides those conventionally termed 'eligible' are sometimes in demand. The advertiser addresses the public in these terms: 'To Landed Proprietors and Others. A gentleman aged 38 desires an appointment in some disturbed district in Ireland. Holds now two colonial appointments of value, but would prefer to remain in Great Britain. Has had 15 years' experience among lawless characters. References and security can be given.—Address, &c.' Sir Roger Palmer, who, addressing his 'misguided tenants' from England, 'warned them that they would not intimidate "him" by shooting his agent,' could never, we believe, succeed in inspiring his agents with his own intrepidity. The present advertiser, however, would have been just the man for him." Upon the publication of this paragraph the following correspondence ensued:—"Glenisland, Maidenhead, 1-10-74.—Sir,—I read in your paper of the 20th September a paragraph relating to me which is utterly destitute of any foundation whatever, as it accuses me by inference of cruelty towards my tenants and personal cowardice. I require, firstly, that you submit to me for approval a letter which shall in my opinion contain an entire retraction of the charge and an ample apology; and, secondly, that after I have approved of it, you print it together with this letter and your paragraph of the 20th, in the same column as the latter appeared—namely, 'Occasional Notes.' On Monday next, the 5th of October, I shall put the matter in the hands of my solicitors, if I do not previously receive a satisfactory reply from you.—Your obedient servant, Roger Palmer.—Editor 'Pall Mall Gazette.'" "Northumberland street, Strand, October 2, 1874. The Editor of the 'Pall Mall Gazette' presents his compliments to Sir Roger Palmer and begs to acknowledge the receipt of his letter. The story of which Sir Roger Palmer complains should have been told of a late Sir Roger Palmer; it has been repeated in print and in conversation a thousand times; it was current, to the editor's knowledge, twenty years ago; it has always been regarded as an admirable stroke of humour; and the editor is so much in love with it that he can do nothing to deprive Sir Roger Palmer's ancestor of the credit it reflects on his genius." "75, Cornhill, London, E. C., October 6, 1874.—Sir,—Referring to the notice which appeared in your paper on the 20th of September and to Sir Roger Palmer's letter to you upon the subject, we are instructed, as Sir Roger's solicitors, to inform you that he is not satisfied with the flippant reply of the 2nd inst. you have favoured him with, and does not intend to allow the matter to remain where it is. We shall be glad to know from what publication you have extracted the quotation with Sir Roger Palmer's name attached to it. Sir Roger is not desirous of appropriating to himself, or of having attributed to his father (who was the only other baronet bearing his name) the 'stroke of humour' you so much admire, and he insists upon having the stigma removed in the manner pointed out in his letter of the 1st inst. Sir Roger is the owner of large estates in Ireland (which have been in the family many generations). His principal seat is near Dublin, and he invariably spends a portion of the year there and in Mayo, and has always done so, as also did his father, and he is not and never has been afraid of living among his tenants; neither has he heard of any disaffection towards him or his ancestors in time past. The effect of your remark may be unjustly to create ill-feeling towards him, and bring him into contempt for having, as you assume, placed his agent in danger of his life while he was in safety elsewhere. We believe that Sir Roger's tenants are not open to the imputation of being 'misguided.' They are as contented, peaceful, and prosperous as any in Ireland. As evidence that their rents do not represent the real value of their holdings, we may add that the arrears on the rent-roll of Sir Roger's Mayo and Sligo estates, which contain about 145,000 acres, at our last audit did not amount to £100. In conclusion, we have only to say that if you still persist in refusing to retract the charge in the manner required we must ask you for the name of your solicitor, to whom we can send process in action of libel.—Your obedient servants, Newman, Dale and Stretton.—The Editor of the 'Pall Mall Gazette.' The situation had now become desperate. Here was a gallant soldier—one of the immortal Six Hundred—wounded in his honour by a weapon scarcely more serious than the red-hot poker of pantomime; here was an ancient editor suddenly whelmed in doubt as to whether he did, or could, or ever should understand the nature of a joke; and here were three legal gentlemen, their resolution disturbed by no such misgiving, already prepared to launch a determined action for libel. An idea occurred to the editor. He suggested that probably Sir Roger Palmer and his advisers might be satisfied with the publication of the correspondence. The compromise was graciously accepted, with the proviso that the editor would acknowledge that he really meant no offence. This he does, most solemnly, and the correspondence being printed, he hopes and trusts that Sir Roger Palmer is satisfied.

DELATED DISPATCHES.

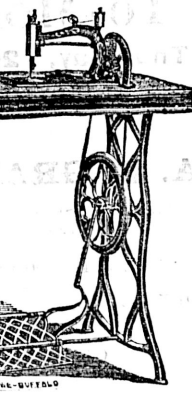

Europe.
London, Nov. 18.—The great Shropshire handicap, one of the principal events of the Shrewsbury November races, run to-day, was won by Syron; Concel, second; Delay, third; seventeen started.
The Polar expedition to be fitted out by the British Government consists of two steamers. Captain Markham, of the Royal Navy, will command one.
Rome, November 16.—Riccioli, Peruzzi, La Marmora, and Garibaldi were elected to the Chamber of Deputies. Garibaldi was returned by two districts of this city, but was defeated in Milan. The Republican agitator Baffie was defeated in three districts and elected in one. Up to this time 122 members of the Right have been returned, against 54 of the Left.
By a railway collision near Bologna one person was killed and forty wounded.
Dresden, November 16.—The Government of Saxony has forbidden cremation here.
Berlin, Nov. 17.—A dispatch to the London 'Times' says that a letter from Prince Henri Reuss, German Ambassador at St. Petersburg, on the policy of Germany toward Russia, is among the documents which Count Von Arnim is required to surrender. Its disappearance adds to the mystery of the affair.
The "North German Gazette" semi-officially refers to Disraeli's recent denial that allusions in his Guildhall speech, were applicable to the Von Arnim affair, and says the explanation is gratifying to all those who are desirous of preventing a misunderstanding between England and Germany.
The trial of Von Arnim has been postponed until December the 9th.
London, Nov. 19.—The Paris correspondent of the "Times" writes that a better feeling seems to have sprung up between the Governments of France and Germany. Prince Hohenzollern, German ambassador to Paris, has recently taken occasion to disavow, for his Government, an equivocal policy, seeking a pretext for a quarrel, and declares that, on the contrary, Germany's policy is frank and clear.
An article in the "Journal des Debats" on Disraeli concludes as follows: "It is apparent, from this incident of Disraeli's apology, that England in her turn has become invalid. The Prime Minister can no longer speak without submitting to censure from Berlin."
Five Yarmouth fishing crafts have been missing since the recent gale, and they are believed to be lost, with all on board, numbering upward of thirty persons.
London, November 18.—Disraeli has written a letter to Sir Henry Rawlinson, announcing that the Government in consequence of representations by the Royal Geographical Society and other learned bodies, has determined to organize a Polar exploring expedition without delay.
London, November 18.—It is stated here that the documents demanded by the German Government from Von Arnim were sent from England to Berlin last Wednesday, and that the Count has them and will deliver them to the Emperor.
London, November 17.—Archbishop Manning has gone to Rome, and with a number of other Bishops will visit the Holy Father. It is understood that a Conference will be held at the Vatican in relation to the proposed Catholic Congress in this city. It is presumed that the Gladstone-Manning controversy, which is still engrossing the attention of Churchmen, will be brought under discussion.
Berlin, November 17th.—It is reported that Prince Bismarck has intimated to the Vatican that unless the usual forms are strictly followed in the next election of the Pope, the German Government will withhold the recognition.
London, Nov. 19.—The object of the journey of the English bishops to Rome is to obtain permission to pursue an independent course, in case the British Government should seek to restrict liberty of action of the Catholic clergy. They will represent to the Pope that they wish to respect the laws of England and cannot blindly accept such regulations as are imposed on Continental Bishops.
London, Nov. 20.—The infant son of the Duke of Edinburgh will be baptised at Buckingham Palace on Monday next. The Queen, the Empress of Russia, the Prince and Princess of Wales, the Czarovitch and the Grand Duke Alexis will be present at the ceremony.
London, Nov. 16.—A deputation of ladies, representing 2,572 ladies of England, waited upon the Duchess of Edinburgh to-day and presented Her Highness with a Bible, accompanying the gift with a brief and appropriate address. Her Royal Highness expressed her gratitude for the gift, and her consideration and esteem for her admirers.
India.
London, Nov. 16th.—A Calcutta dispatch says, "In a collision on the Hoogly both vessels were sunk. Steamers have been sent to the scene of the disaster. No particulars."
London, Nov. 19.—The Post's Calcutta special says Yarkob Khan, Emir of Cabul, has been treacherously arrested in his own capital, and imprisoned. The worst results are feared.
Africa.
London, Nov. 19.—Late Cape Coast Castle advices say it was rumored there that King Koffie had been deposed by his nephew. This change would have the effect of uniting all the tribes on a friendly footing.

Board or lodging only, if preferred. Will also take charge of children from a distance whose parents or guardians are desirous of their attending school at Victoria.

DR. BARNARD

HEREBY TENDERS HIS SINCERE THANKS
to Dr. Thompson, of Portland, and the Ladies
under his charge, who kindly permitted his witness-
ing the fillings of some of their teeth during his late
sojourn in this city.
Every manipulation of the Doctor's was closely
watched, from the adjustment of the Rubber Dam
and its appliances to their teeth, to the formation of
proper cavities and retaining pits therein, the Pack-
ing and Condensation of Gold and the subse-
quent polishing and burnishing of the same.
The Doctor is satisfied, from what he saw, and from
recent operations of his own, that no perfect Filling
can be accomplished without using the Rubber Dam
and separately Annealing and Malleting every
strip of gold into the cavity by itself. Gold thus
condensed must last a lifetime.
DR. BARNARD is happy to inform the public that
the process of preparing and Filling a Tooth with
the aid of New Instruments and appliances is al-
most as much a pastime with him now as it was the in-
sertion of Partial or Entire Sets of Teeth.
Persons not born with a gold tooth in their mouth
can readily have a Gold Crown built on a decayed
tooth or solid portion thereof that will LAST FOR-
EVER.
